The staff tried to find you but Fred is not in and Jeanne is on a conference call giving a presentation (out of pocket)

Please see a GAO meeting scheduled below to discuss the GAO Draft Statement of Facts regarding GAO's "Resources and Risk from Hydraulic Fracturing".

OCFO ONLY JUST SHARED THIS DRAFT with ORD - - they FORGOT TO INFORM ORD that the meeting was taking place and this is the FIRST time we have seen a copy of the Draft Statement of Facts.

WE are NOT sure if we can get cut any slack because this is GAO's only appointment with EPA on this - -

I will call the OCFO GAO Liaison's boss to see if they can get to GAO on this and give us at least a day to get back to them.
